

Biome Project

- Terrestrial Biomes
 - Create a poster that shows examples of the following terrestrial biomes:
 - Tropical Forests- dry, deciduous, or rain?
 - Grasslands- savanna, or temperate
 - Desert
 - Shrubland- (Chaparral)
 - Temperate Deciduous Forest
 - Taiga- coniferous, boreal, or temperate rain?
 - Tundra
 - Give the average precipitation.
 - Give the average temperature.
 - Describe the dominate form of plant life, and list at least five forms of animal life that inhabits the biome
 - Diagrams can be hand-drawn and colored, printed from the internet, or cut out of a magazine.
